

authenticator

multi-currency detector

Femceeé

D550

Operational Features

- ❑ Internal infrared detection sensor
- ❑ Internal magnetic sensor
- ❑ Internal UV sensor
- ❑ Audible alarm
- ❑ Green/Red LED warning lights
- ❑ Automatic banknote feeding mechanism
- ❑ Triple currency detection: US dollars, Canadian dollars and euro. Optional fourth currency detection capability (call AccuBANKER USA for specific details)
- ❑ Operates with integrated rechargeable batteries

Quality Construction

- ❑ Sturdy, lightweight body
- ❑ Easy to clean surfaces
- ❑ Bright LCD screen
- ❑ Detachable stacking tray

Specifications

Dimensions: 5 1/4" x 8 1/2" x 4"
Power Consumption: 8 Watts
Currency Accepted: US dollar, Canadian dollar, and euro (fourth currency optional)
IR Detection: Redundant internal IR (infrared) sensors
UV Detection: Redundant internal UV sensors
Magnetic Detection: Redundant internal magnetic sensors
Weight: 3.0 lb (1.4 kg) approx.
Power Source: 100-240V, 50/60Hz, AC/DC adapter or internal rechargeable batteries

Pallet Information

Dimensions:
Master Cartons per pallet:
Boxes inside Master Carton:
Units per pallet:

UPC Number

D550: 097241515509

- reduces counterfeit losses
- immediate banknote verification
- multi-detection:
 - infrared
 - ultraviolet
 - magnetic
- automatic loading with front or rear exit
- multi-currency/multi-language detection
- denomination discrimination
- automatic addition function
- clear LCD screen
- visible/audible warning alarms
- online software update capability
- operates on 110V/220V or with integrated rechargeable batteries
- easy to use
- one-year warranty

insta-verifier

money detector

Femceeé

D400 / D400E

Operational Features

- ✘ Internal infrared detection sensor
- ✘ Internal magnetic sensor
- ✘ Internal UV sensor
- ✘ External UV verification slot
- ✘ Audible alarm
- ✘ Red LED warning light
- ✘ Automatic banknote feeding mechanism

Quality Construction

- ✘ Sturdy, lightweight body
- ✘ Easy to clean surfaces
- ✘ Built-in hopper/stacker/cover

Specifications

Dimensions: 8 ¼" x 8 ¼" x 4 ½"
Power Consumption: <6 Watts
Currency Accepted: U.S. dollar for D400
and euro for D400E
IR Detection: Internal IR (infrared) sensor
UV Detection: 2W UV lamp
Magnetic Detection: Internal magnetic
sensor
Weight: 4.2 lb (1.9 kg) approx.
Power Source: 110V 60Hz for D400 and
220V 50Hz for D400E

Pallet Information

Dimensions: 48" x 40" x 71"
Master Cartons per pallet: 20
Boxes inside Master Carton: 8
Units per pallet: 160

UPC Number

D400: 097241304004
D400E: 097241304011

- reduces counterfeit losses
- immediate banknote verification
- multi-detection:
 - infrared
 - ultraviolet
 - magnetic
- external UV detector
- bright LED signals for easy visualization
- audible warning sound
- quick and easy to use
- operates at 110V or 220V for D400E
- one-year warranty

the tower

counterfeit detection for all currencies

Femceeé

D200

Operational Features

- ▣ Infrared camera with 4" B/W monitor
- ▣ UV detection device
- ▣ Fluorescent tube for watermark verification
- ▣ Magnetic head detector
- ▣ Micro printing magnifier
- ▣ Chemical paper analysis pen

Quality Construction

- ▣ Sturdy, lightweight body
- ▣ Easy to clean surfaces
- ▣ Easy-access function buttons

Works in the following countries:

Argentina, Australia, Brazil, China, Colombia, Costa Rica, Croatia, Czech, Dominican, Eastern Caribbean, El Salvador, Euro, Honduras, Hong Kong, Hungary, Israel, Korea, Macao, Malaysia, Mexico, Norway, Peru, Philippines, Poland, Romania, Russia, Singapore, Slovak Republic, South Africa, Taiwan, Thailand, Ukraine, United Kingdom, United States of America, United Arab Emirates, Venezuela, and Yugoslavia

Specifications

Dimensions: 9" x 9" x 14"
Power Consumption: <7 Watts
Currency Accepted: Any currency
IR Detection: IR (infrared) Camera
UV Detection: 12W UV lamp
Magnetic Detection: Magnetic head
Watermark Verification: Fluorescent tube
Micro Printing Verification: accessory magnifier
Paper Quality Verification: chemical pen
Monitor: 4" B/W
Weight: 2.6 lb (1.2 kg) approx
Power Source: 100-240V, 50/60Hz, AC/DC adapter

Pallet Information

Dimensions: 44" x 48" x 65"
Master Cartons per pallet: 24
Boxes inside Master Carton: 6
Units per pallet: 144

UPC Number

D200: 097241382002

- reduces counterfeit losses

- multiple counterfeit detection methods:

infrared camera unveils hidden markings

micro printing magnifier

chemical pen

magnetic head for detection of magnetic features

- infrared camera with 4" B/W monitor for easy detection

- quick and easy to use

- 110-220 V - 50/60 Hz AC/DC adapter

- one-year warranty

banker pro counterfeit detector

Femceeé

D66

Operational Features

- ▣ Reduces counterfeit losses
- ▣ Accurate and convenient to use
- ▣ Equipped with two powerful 6W UV lamps (12W)
- ▣ Helps the user to easily inspect the surface of the bills and other documents. The user can clearly visualize the fluorescence of the security thread in U.S. notes or the fibers and other features present in other currencies, credit cards, special documents, etc
- ▣ Equipped with watermark verification window and a magnetic detection device, to further increase bill or document analysis capability
- ▣ Includes a large built-in magnifying lens for micro-printing verification
- ▣ Specifically designed to protect the user from direct eye exposure to the UV rays

Solid Construction

- ▣ Compact and sturdy plastic body
- ▣ Secure UV lamp contacts
- ▣ Durable magnetic head

Specifications

Dimensions: 10 1/2" x 4-3/4" x 4-1/4"
Power Consumption: <15 Watts
Currency Accepted: Any currency
UV Detection: 2 6W UV lamps (12W)
Magnetic Detection: Magnetic head
Watermark Verification: Flourescent tube
Micro Printing Verification: Integrated magnifier
Weight: 2.6 lb (1.2 kg) approx
Power Source: 110V

Pallet Information

Dimensions: 44" x 48" x 65"
Master Cartons per pallet: 16
Boxes inside Master Carton: 20
Units per pallet: 320

UPC Number

D66: 097241530663

- reduces counterfeit losses
- accurate and convenient
- equipped with two powerful 6 Watts UV lamps to easily inspect the surface of bills and other documents
- clearly visualize the fluorescence of the security thread in U.S. dollars or fibers and features in other currencies, credit cards, special documents, etc
- equipped with magnetic head to detect magnetic features
- integrated watermark verification light
- integrated magnifier for micro-printing verification
- specially designed to protect from direct UV ray eye exposure
- one-year warranty

comprehensive pro money detector
